## Commercial Environmental Concerns

### Challenge:

Since 1970, the U.S. Environmental Protection Agency has been writing and enforcing regulations based on laws passed by Congress that are meant to protect our health and the environment. However, the multi-level bureaucracy that has formed around these regulations has made compliance confusing and expensive.

### Solution:

With over 20 years in business, Geer's Diversified has developed many industry recognized best practices. Geer's team of professionals can work with you to design a solution to insure regulatory compliance on all levels as well as LEED certification.

### Benefits:

- Your firm can avoid potentially expensive fines and liens by taking advantage of Geer's experience and knowledge.
- If you contract for the optional service, Geer's management personnel act on your behalf to handle any situation that may require interaction with government agencies saving you time and money.
